WE WILL COME TO YOU!
Our four fully stocked mobile units allow our team to perform a variety of repairs and maintenance at your engine house!

CENTRALLY LOCATED
Sentinel is located just 20 minutes south of the Gateway Arch in our state-of-the-art facility. We house numerous parts and the capability to service any type of MSA SCBA or gas detector. Our territory also expands to the entire state of Missouri and south of Springfield, Illinois.

Our Hurst Technicians assist with repairs and maintenance of your department's tools. Our team can troubleshoot problems as well as answer any questions regarding new products.
